New PTO drawings

Dear Ladies and Gentlemen,

We would like to inform you that from 01.04.2026 we will present PTO drawings in a new look. From now on, we offer drawings **depending on the configuration**, with correct positioning of the power take-offs. All selected outputs (including NMV and engine PTO at rear) are shown in a drawing. For better differentiation, the drives are colored differently. The drawing is automatically generated when a 2D chassis drawing is created and the PTO is selected and output together with the chassis drawing in a zip file.

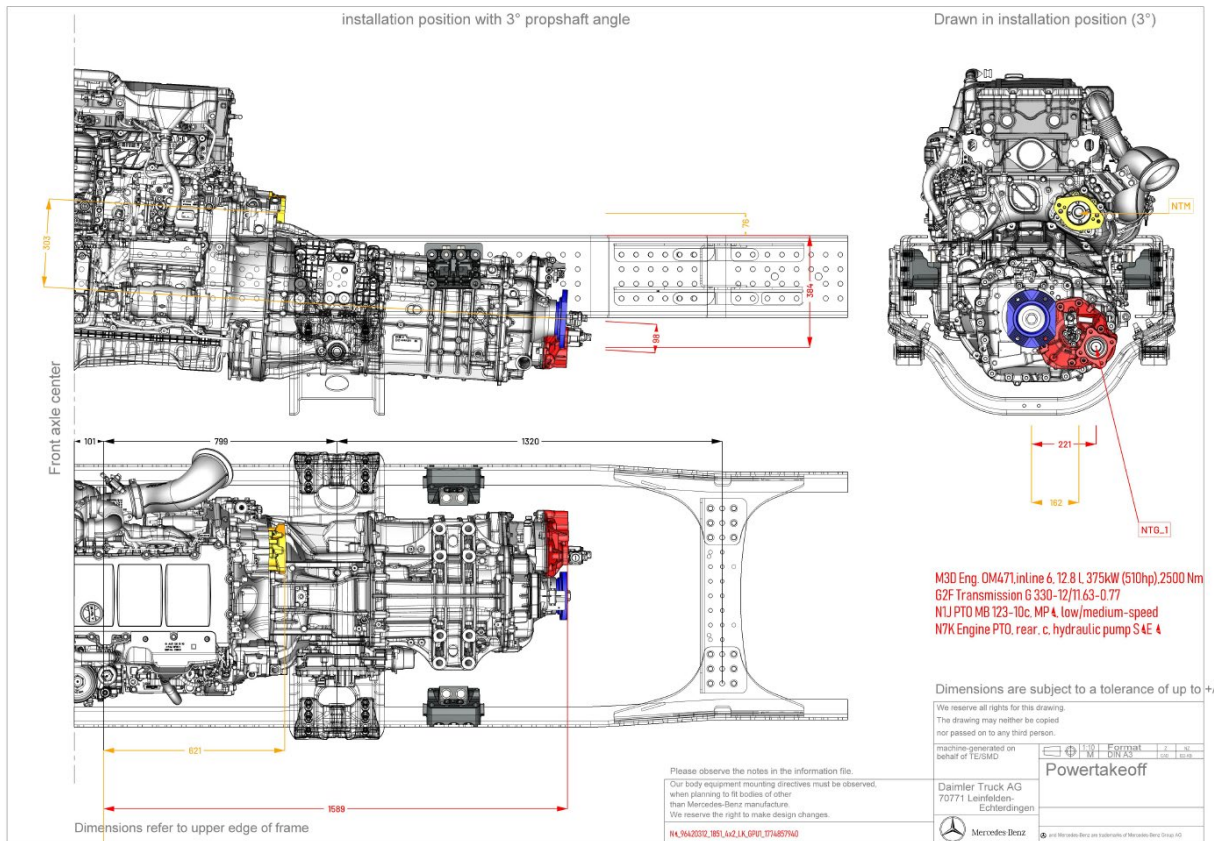

Example of the new drawing
